

I have completed Cloudinary's Security Fundamentals course. This course completes 50% required in order to complete the full Cloudinary security and privacy training.

I have reviewed and understood each screen of this training program. I have also received and read Cloudinary's Official Security Memo, and I understand it and agree to follow this policy.

Finally, I know whom to contact in Cloudinary if I have questions or want to report an issue.

Please proceed to Cloudinary's Data Privacy course.
