Cloudinary

I have completed Cloudinary's Data Privacy course. This course completes 50% required in order to complete the full Cloudinary security and data privacy training.

I also received and read Cloudinary Data Privacy policy and the Consequences of GDPR and CCPA Violations slides, and I understand it and agree to follow it.

I also received and read the Cloudinary Media Release Permission notice, and I understand it.

Finally, I know whom to contact in Cloudinary if I have questions or want to report an issue.

Please proceed to Cloudinary's Security Fundamentals course.
